Samsnite

ACTIVE PERFORMANCE

Since its formation in 1910, Samsonite has been manufacturing premium quality luggage and durable bags to meet the needs of travellers everywhere.

With **Active Performance**, Samsonite embraces the ever-present spirit of living more consciously, slowing down and re-discovering nature whilst on holidays.

This emerging way of travelling is about less on-screen time and more about re-connecting with friends and family in places close to nature. The search for more rural, active off-the-beaten-track experiences and the shift to more self-care and care about our planet. There is no planet B.

The **Samsonite Active Performance collections** protect your gear during your trip to outdoor destinations, in the most sustainable way. Our products are created with the greatest eye of practicality and known quality, making travel by car, train and air comfortable at every stage.

As central collections of the **Active Performance** assortment and to cater the needs of the most active and adventurous travellers, Samsonite has created the Outlab collections. The Outlab collections take your outdoor travel experience to a higher level, as they include all the essential features you will need during your trip from city to nature.

OUTLAB PARADIVER

Outlab Paradiver gets you going for your active trip from city to nature. Whether it's by car, train or airplane – we got you covered with sturdy wheels to fit any underground. The Outlab products are made with care for nature and reassure your trip will run smoothly, thanks to the top-notch water-resistant materials and multiple grip handles.

ECO MATERIALS

By increasing the use of recycled materials, we give waste materials a second life. The Outlab Paradiver fabrics are made from recycled PET, part of our Recyclex™ Material Technology Initiative. In addition to the fabrics, we use a post-industrial VAC coating on the exterior fabric. VAC is the result of recycling scrap translucent film (PVB - polyvinyl butyral) from the production of for example safety glass, car windows etc.

WATER-RESISTANT & PERFORMANCE

To reassure water-resistant exterior fabrics, Outlab Paradiver uses a VAC lamination. A film is laminated on top of the fabric to make the fabric waterproof and more abrasion resistant. The Outlab Paradiver fabrics are water-resistant up to 20K water column, keeping your belongings safe in any weather circumstance.

SECURE, DURABLE & PRACTICAL

You'll find the most essential features needed for an active outdoor trip. Starting with the reflective bungee straps, enabling you to take bigger items, such as a helmet, with ease on your trip. The additional C-shape compartment in the front creates a last-minute flexibility to tuck away items during the commute. On the interior you find a spacious main compartment featuring a divider pad, a large zipped pocket and a removable Activ-Pack compartment, which is water and dirt resistant. Perfect to separate wet clothes or dirty shoes. If you overpack, the compressible webbing straps on the exterior will help you find that extra space.

EXTERIOR FEATURES

- Full travel assortment, with Upright and Spinner items, fitting everyone's travel needs
- Water-resistant ECO fabrics
- Easy access C-shape compartment in the front, allowing you to easily tuck away belongings at any time of need
- Reflective elastic bungee strap, securing additional gear to your luggage
- Compression straps on the side, enabling flexible volume adjustment
- Reflective logo
- Fitted and secure TSATM lock
- Smooth rolling double wheels on the Spinner items
- Sturdy upright wheels, with extra high wheel housings for additional protection
- Black anodized double tube pull handle to ensure easy manoeuvring
- Integrated ID tag
- Protective back studs and kickplate
- PU water-resistant zippers

INTERIOR FEATURES

- Fully lined interior featuring:
- Divider pad and large zipped pocket in the top compartment
- Compressible webbing straps to compress and store your clothes in the bottom compartment
- Removable Activ-Pack compartment which is water and dirt resistant - and where you can safely stack your dirty (wet) belongings after a hike

SUSTAINABLE

- Interior and exterior fabrics made out of recycled PET bottles, part of our Recyclex™ Material Technology Initiative.

OUTLAB OTIS

Be inspired, pack your gear and hit the outdoors. The Outlab Otis collection is ideal for a new season of adventure, fitting the trunk of your car or the overhead compartment. The top-notch materials, durable construction and Samsonite's known quality are paired with advanced features to defy boundaries and tackle whatever life throws at you.

OUTDOOR STYLE

Disrupt the status-quo and express yourself with a timeless, head turning design without compromising functionality. Every detail ranging from the high-quality materials, reflective elements, colour accents to interior lay-out was thoughtfully composed to ensure you get the best experience during your next adventures.

PERFORMANCE AND DURABILITY

Samsonite is trusted by travellers worldwide for its quality and performance. Outlab Otis fits the bill. Your items are packed in premium, lightweight Polycarbonate shells, whilst the VAC coated water-resistant fabric of the easy access pocket protects your essentials. Both the interior and exterior fabric are made from recycled PET bottles, which were previously destined for landfill.

PACKED WITH FEATURES

Outlab Otis has your back every step of your journey. Stay hydrated thanks to the attachable bottle holder. Secure additional gear to your luggage via the reflective elastic bungee strap or the integrated hook. Grab, carry and lift your luggage with ease thanks to the multiple handles and be connected to your friends thanks to the integrated USB A portal. The front pocket is perfect to store your essentials close by, whereas the spacious main compartment features a divider pad, a large zipped pocket and a removable Activ-Pack compartment, which is water and dirt resistant. Perfect to separate wet clothes or dirty shoes. If you overpack, the compressible webbing straps and expandability will help you find that extra space.

EXTERIOR FEATURES

- Cabin size
- Shells made of premium, lightweight Polycarbonate with a scratch resistant texture
- Easy access front pocket for all your essentials containing a padded 15,6" laptop compartment, a zipped pocket for small essentials and a power bank pocket with cable
- Water-resistant, VAC laminated fabric used for the easy access front pocket - up to 20K water column
- PU water-resistant zippers
- Reflective elastic bungee strap, securing additional gear to your luggage
- Reflective logo
- Expandability for extra capacity
- Front, side and top handles, easy to carry, grab and lift your luggage
- Bottle holder attachable to exterior hook
- Fitted and secure TSA lock
- Integrated USB A port with power bank pocket and cable in easy access pocket
- Smooth rolling double wheels
- Black anodized double tube pull handle to ensure easy manoeuvring
- Integrated ID tag

INTERIOR FEATURES

- Fully lined interior featuring:
- Divider pad and large zipped pocket in the top compartment
- Compressible webbing straps to compress and store your clothes in the bottom compartment
- Removable Activ-Pack compartment, which is water and dirt resistant

SUSTAINABLE

- Exterior fabric and interior lining are made from 17 recycled PET bottles, part of Recyclex™ Material Technology Initiative.

TRAVEL BACKPACKS

The new Travel Backpacks of Ecodiver are perfect to carry and organise everything you need, whether it's for daily commute, for a weekend get-away full of adventure or for exploring the world. Upholding the key elements of Ecodiver: sustainability, security, comfort and much more.

BREATHABLE, AIRY & ERGONOMIC

The ergonomic back panel with central airflow, backpack straps with sternum strap and hip belt ensure the most comfortable carry thanks to the advanced air mesh and contouring shape. On the Travel Backpack 55L, both the backpack straps and the hip belt can be tucked away.

ULTRA PRACTICAL & SAFE

The iconic multi-handle design has a smart sleeve to easily carry these items on top of upright or spinner items. The whistle, the reflective logo and reflective detailing on the backpack straps keep you safe throughout your journey. Stay hydrated thanks to the dedicated water bottle pocket on the Travel Backpack 38L

TO WEAR TO WORK OR BEYOND

The internal organisation won't disappoint. The laptop and tablet compartments, additional pockets and other business organisation ensure your essentials are stored neatly. The compression straps on the spacious main compartment minimise the volume of your backpack or help you to add that extra sweater.
